Adams County's 13 banks are distributing \$709,771.45 in Christmas club checks to set a new all-time high record.

There is no indication that the 1958 recession is going to affect the size of Santa's pack this Christmas in Adams County for this year's checks to club members total \$34,196.45 more than the distribution made by the same banks a year ago.

More countians had Christmas Club accounts this year than ever before. Checks went out to 7,854 individuals this year as compared with 7,470 in 1957.

## Twelve Had Increases

Some of the banks mailed their checks last week. Other sent theirs out this week and by next Monday every bank in the county will have completed its Christmas club check mailing. All of the banks are starting 1959 clubs immediately.

Twelve of the 13 banks in the county had bigger Christmas clubs this year than last. In 1957 10 of the 13 banks reported increases.

Twenty-five years ago, Adams County's banks mailed out Christmas club checks totaling \$90,000. A decade ago the total had climbed to \$375,776.

## Aveag Check \$90.37

The new high this year represents a steady advance for the last two decades. This year's increase of more than \$34,000 is almost a duplication of the 1957 increase which was calculated at \$35,000.

The average check this year is for \$90.37. A year ago the average check was \$90.44. The size of the average check for recent years has varied this way:

## UNION THANKS

(Continued From Page 1)

our lives until our hours are burned out, we are thankful to Him. For whether that flame burns brightly or waveringly, we know that it is of His goodness that it burns at all."

He made reference then to Israel under Saul and the changes David brought when he came to the throne. He said: "David read his Psalm of thanksgiving, beginning with the words: 'Give thanks unto the Lord, call upon His name, make known His deeds among the people.' Like the surge of ocean waves, there came from David's heart these words of thanksgiving.

"As citizens of this nation and as Christians, we too should give thanks. Indeed, until we have entered into a permanent mood of gratitude, we have not reached the height of Christian faith. . . . We will only reach the peak of our Christian faith when we thank God for our lot in life, whether it be bitter or blessed."

### Should Give Thanks

"It is true that in this year of our Lord 1958 there is much to make our hearts heavy. We are learning that the road to peace will demand even more sacrifice than the road to war. Tremendous social upheavals are affecting our lives. But when we compare our lot with those who walk amidst the war ravaged and war-ruined countries, the displaced persons and the refugees, we can but say naught else but that 'God has indeed blessed America.' We should give thanks to Him."

"We are not only to live in the mood of thankfulness, we are also to express our gratitude to God."

"There is lack in our church life of sufficient opportunity for the average member to witness by word for Christ. It is vitally important to acknowledge the real spiritual strength and encouragement men found as together they wove a tapestry of faith, made of the stuff of daily life. . . .

"Man's great music, his golden words, his moving prayers, all give way to a simple thanksgiving which wells up and spreads through every channel of his being. And so on this Thanksgiving Day I call upon you as David called upon the hosts of Israel: 'Give thanks unto the Lord, call upon his name and make known his deeds among the people.'"

4 Walkie-Talkie Sets Are Received

Rescue parties searching for missing persons will be greatly aided with four new Motorola walkie-talkie units received Wednesday by the local Civil Defense.

The portable transmitting and receiving units, weighing about eight pounds, will enable groups to keep in constant contact with each other.

They will also be useful during large fires to allow the fire chiefs to converse back and forth from strategic points of the blaze, thereby hastening control of the traffic signal.

The local Civil Defense and the fire company divided the costs, about \$400 per unit.

Santa noted that he will answer all letters placed in the mailbox at his Shanty on Lincoln Square.

Joining Sixeas in making arrangements for Santa's arrival are George Lambert and Edward Parish as member of the Jaycees committee in charge.

## STATE CREWS

(Continued From Page 1)

dition there are other state maintained roads not listed in these three groups. These are the unpaved roads which generally are not plowed with truck mounted plows but are opened by motor grader equipment.

### To Battle Ice

Other equipment is being readied to deal with icing conditions. Three trucks are equipped with mounted spreaders to distribute the ice cutting materials which replace the cinders once widely used. For Adams County, this is screened limestone obtained from local quarries and stored at a number of strategic locations throughout the county.

All of the department's trucks carry and spread the ice-cutting materials but the three spreaders, plus four new hydraulically controlled spreaders being added this year, are specialists for the job.

Chemical additives, calcium chloride of which six carloads or 420,000 pounds is on hand or on order, keep the grit from being hopelessly frozen into chunks that will not spread. The chemical also aids in melting ice on the highways. Where dust is chemical alone is used on the roads.

### Snow Fences Up

About 205,000 feet of snow fence has been erected. In a few places fences have not as yet been placed where farmers have requested delay because of harvesting or planting operations.

Snow fence has been placed in a few new spots, Garber said, where experience from last year indicates need. But planning the placing of snow fence is pretty hard to do with accuracy. Sometimes a snow, like one experienced last winter, doesn't conform to the usual pattern and the snow fences don't do much good.

Altogether, the county has 30 pieces of truck mounted snow removal equipment. In addition there are the motor graders and, if necessary, other equipment is hired.

Equipment is kept ready for service in several locations throughout the county. Department radio keeps the local unit

We met and then and there I thought . . . that I had found my dream . . . the answer to my every prayer . . . and most secretive scheme . . . we walked along the road of love . . . that leads to paradise . . . and life was more than beautiful . . . love stands all sacrifice . . . together we would always be . . . but that was long ago . . . as I look back I do suppose . . . ## REPAIR OLD SPANDAMAGE

HARRISBURG (AP)—New State Highways Department figures showed today that Hurricane Diane, which hit northeastern Pennsylvania more than two years ago, left problems still to be reckoned with.

The hurricane caused devastating flash floods which wiped out nearly every bridge in Monroe County. Work is still underway to replace them.

The Highways Department said it has spent \$2,441,362 so far in reconstructing and repairing bridges washed out in Monroe County during the Aug. 17, 1955 flood.

Another million dollars will be spent in the same area before the hurricane damage is completely repaired.

In all, the department has completed work on 22 bridges, torn down or badly damaged by the high winds and rushing waters.

Construction of a bridge north of Stroudsburg in the Camp David area had been delayed because the department said it involves crossing of the main line of the Delaware-Lackawanna and Western Railroad.

Although trucks are not radio equipped, cars in the field are in touch by radio with the department's local headquarters on the Fairfield Rd. State police also communicate local road conditions to the county headquarters. Counts throughout the state report regularly to Harrisburg where road condition information is compiled and made available through the state police.

## APPLER OFFERS SOME TIPS FOR XMAS MAILINGS

Some tips on Christmas mailings this year were issued today by Postmaster Jacob Appler.

To assure yourself of fast, worry-free Christmas mailings, Appler suggested these steps.

1. Parcels should be insured. Sealed parcels may be mailed at the third or fourth class postage rates without labels, notations, or endorsements of any kind authorizing the opening of parcels for postal inspection. Packages sealed with modern sealing materials carry better in the mail than unsealed ones. Strong tape should be used.

2. Combination Mail, one of the new services of the Post Office Department, may often be used to good advantage. It permits a mailer to enclose a letter or a message inside a gift parcel simply by paying the appropriate letter rate postage, plus the postage for the package itself.

### Certified Mail

3. Certified Mail, another of the newer postal services, which permits mailers to obtain proof of delivery of Christmas letters or cards having no intrinsic value for a postal fee of 20 cents, plus first-class postage, also may often offer advantages.

4. Registered Mail, which provides greater security protection to letters and parcels carrying items of real financial value, has double ring ceremony.

The church altars were decorated with snapdragons, gladioli, and palms.

Given in marriage by her father, the bride wore a gown of Parisian taffeta and Alencon lace trimmed with tiny lace rosettes featuring a chapel length train, sabrina neckline, fitted bodice, and long pointed sleeves. Her finger tip veil of illusion was attached to a crown of Alencon lace covered with sequins and pearls.

### Use Zone Numbers

7. Postal delivery zone numbers, which speed handling of mail, should always be used whenever possible.

8. The "facing" of letters and cards so that they are all stacked the same way, with the address facing the same way, as well as the typing of mail into "Local" and "Out-of-Town" bundles will expedite mail, particularly when larger quantities of mail are sent. "Out-of-Town" bundles are available at post offices.

A free postal pamphlet available at all post offices—entitled "Packaging and Wrapping Parcels for Mailing," should answer practically all questions any Christmas mailer might have on preparation of Christmas parcels for mailing.

### Reception Is Held

Salvatore Corosanti, Baltimore, served as best man. Ushers were Wallace and Thomas Orndorff, Gettysburg R. 5, brothers of the bride; Gordon Lidard and John Dangler, both of Baltimore.

Mabel Reifsnyder had charge of the program and introduced her sister, Mrs. W. T. Stevens, wife of the pastor of the United Church of Christ, Jefferson, Md.

Mrs. Stevens sang "Smiling Through" and "My Hero," accompanied by Mrs. Harner.

Mrs. Vernon Coblenz, of Middletown, Md., spoke on decorating for the holidays.

The next meeting will be a family Christmas party December 22 at Taney Inn.

### Honored On Birthday

The officers, directors and employees of the First National Bank of Taneytown were entertained Saturday evening at Taney Inn by Mr. and Mrs. Clyde L. Hesson in honor of Mr. Hesson's birthday. Hesson, cashier of the bank, was presented a gift by Norville P. Shoemaker, president of the officers, on behalf of the officers, directors and employees.

After dinner the group was shown color slides by Mr. and Mrs. Norville Shoemaker Jr., Mr. and Mrs. Charles Hesson, Mrs. Abbie Ansell and Miss Mary Fringer.

Attending were Mr. and Mrs. Norville P. Shoemaker, Mr. and Mrs. E. Elwood Baumgardner, Norman Hess, Miss Catherine Hess, Mr. and Mrs. Harry B. Doughtery, Mr. and Mrs. Charles Stoner, Mr. and Mrs. Norman Cluts, Mr. and Mrs. Norman Sauble, E. E. Stuller, David Hahn, Norman Baumgardner, Marlin L. Rittase, Miss Pearl L. The annual thank offering service, sponsored by the Trinity Mission Circle and the United Lutheran Church Women of Trinity Lutheran Church, will be held Sunday at the 10 a.m. worship. The guest speaker will be Mrs. Oren Strine, Walkersville, of the Maryland Synod.

## Hafer To Resign Scouting Position

The planned resignation of Sebastian R. Hafer, E. Water St., as district commissioner for the Black Walnut Boy Scout District was announced with the sending of notices of a commissioners' meeting December 10 at 8 p.m. at the engine house, E. Middle St.

Hafer has served as district commissioner for several years and increased the number of commissioners from five to 17. Under his chairmanship the commissioners began monthly sessions and became a very active part of the Boy Scout movement locally.

A change in Hafer's working assignment is given as a reason for the resignation scheduled for December 31.

## Today's Talk

### LEAVE ALL REGRETS BEHIND

Regrets are like too much luggage, they are often tossed away, but somehow people with them like to go back and try carrying them anyway. It's a losing game, however. Leave all regrets behind — and forever! Nothing is so self-assuring as light equipment, and a clear mind. Such a condition relieves us of all worry. Worry may well be said to be the mother of all regrets!

I have written on this topic many times before, but it should benefit us to so condition our mind and heart as to face any problem, no matter how difficult. Regrets do no good and the sooner we get rid of them the happier any of us will be. If you have made a serious mistake, regret it and make as honest amends as possible. Then let it be a thing in the past to be left undisturbed. Regrets are defeats. Rise above them!

The schedule, released today by League President Will Harridge, kicks off next year's campaign with Baltimore in the traditional presidential opener at Washington on April 9, a Thursday. This gives the season a weekend start instead of the usual Monday or Tuesday evening before — 264.

The opener on April 10 is the earliest since 1913, when President Woodrow Wilson tossed out the first ball to the late Clark Griffith, then Washington manager, and touched off the starting round for all clubs.

**More Open Nights**

Harridge said the early start makes way for more open dates and gives the schedule more flexibility for traveling and weather enforced make up games.

The opening round will send Cleveland to Kansas City, Chicago to Detroit and Boston to New York. These three-game series will end with single contests Sunday, April 12. After the April 9 opener, Baltimore remains at Washington but skips the next day and concludes the series with a Sunday doubleheader.

The 264 night engagements slated tops the previous high of 1958 by 15. Of the 249 on tap this year, a record 241 actually were played. Weather forced out the others.

Tomorrow Mr. Adams will talk on the subject: "How to Be Happy."

**WOMAN FIRED  
IN RACIAL CASE**

MEMPHIS, Tenn. (AP) — A woman worker was fired from her Army general depot job here after she asked a Negro paratrooper to leave a line of white diners in the depot's cafeteria.

The cafeteria has separate food lines and dining rooms which have functioned on a segregated basis for 15 years, the woman, Mae Crooks, said. She was a cashier.

Col. William D. Buchanan, commanding officer of the depot, said the firing last Wednesday represents no change in policy.

"She completely violated an instruction, and she was as wrong as can be," Buchanan said. The colonel said voluntary segregation had been practiced at the cafeteria in the past but that the Negroes knew they could eat wherever they wanted.

About half of the cafeteria's patrons are Negro civilian workers.

The paratrooper was one of about 20 who arrived from Ft. Bragg, N.C., this week.

## Martin Rewarded With New Contract

COLORADO SPRINGS, Colo. (AP) — Coach Ben Martin has been rewarded with a new 5-year contract and a healthy pay raise for his success this season with the Air Force Academy football team.

Martin came to the Academy last winter from the University of Virginia under a 3-year contract. The Falcons won eight games and tied their ninth — with Iowa. They complete their season Saturday at Boulder against Colorado of the Big Eight Conference.

Col. George Simler, Academy athletic director, wouldn't disclose the details of the new contract but said it included a pay raise.

## RANGERS NEED POLICE ESCORT

By THE ASSOCIATED PRESS

Sometimes it takes the New York Rangers time to get fired up. But it doesn't take long for their coach, Phil Watson, to lose his temper.

Thursday night, the fiery Watson blew his top and his Rangers blew an important 3-1 decision to the Boston Bruins.

The hectic game was one of three on the Thanksgiving night National Hockey League slate. The Detroit Red Wings defeated the Toronto Maple Leafs 3-2. The Montreal Canadiens edged the Chicago Black Hawks 2-1.

### Need Police Escort

Four police officers had to escort the Rangers to their dressing room following the furor touched off when Watson threw a stick at Boston winger Jerry Toppazzini.

The upstart started just after Norm Johnson scored the clinching goal with 25 seconds left in the game. Vic Stasiuk and Toppazzini scored the other Boston goals.

Andy Bathgate got the Rangers only score early in the third period.

Gordie Howe scored his 397th and 398th NHL goals in the final seven minutes as Detroit came from behind.

Jacques Plante turned in an outstanding game in goal to preserve the Canadiens' victory. Plante had 33 saves, stopping a tough screened shot seconds before the final buzzer.

## TENNIS BATTLE IS DULL AFFAIR

SYDNEY (AP) — Mal Anderson and Neale Fraser won the men's doubles title at the New South Wales Tennis Championships today. They beat their fellow Australians Ashley Cooper and Rod Laver 5-7, 9-7, 6-4, 6-4.

It was a dull affair. The pairings are experimental with the Davis Cup challenge round in mind. Neither pair was a combination that would impress the Australian selectors.

Cooper will defend his singles crown Saturday against the 18-year-old sensation from the United States, Earl Buchholz. The St. Louis youngster, the first junior unseeded player ever to reach the men's final in this tourney, rested today in preparation for the final.

### Win Junior Doubles

Ken Fletcher and Frank Gorman won the junior boy's doubles by beating Bob Hewitt and Martin Mulligan 6-4, 6-3 in another all-Australian final.

Mrs. Thelma Long and Mrs. Mary Hawton, veteran, Aussie pair, captured the women's doubles from Sandra Reynolds and Renee Schuurman. The junior girls, 9-7, 1-6, 7-5. The junior girls singles title went to Jan Lehane who beat Lesley Turner 6-3, 6-2.

### SURED BY CHAMPION

Gettysburg's Suntan, owned by Roy Zinn, Hanover St., which placed third in the 13-inch Beagle trials of the York-Adams Association last Sunday, is the offspring of two field champions. Its father is Pageline Parson and mother Tilley's Suntan.

Syracuse Nationals 107-98 in the only other game.

Pettit scored 42 points and Lovellette had eight baskets in eight fourth quarter attempts as the Hawks won their fourth in five games under new Coach Ed Macauley. Pettit and Lovellette combined to score all but one of St. Louis' 31 points in a fourth quarter surge.

### Royal Winds Up Second Big Season

AUSTIN, Tex. (AP) — Darrell Royal has wound up his second season as coach of the University of Texas doing twice as much as was expected of him.

Thursday, Royal's Longhorns whipped Texas A&M 27-0 in the traditional Thanksgiving Day game and it marked his second season in a row to beat Texas' oldest rivals.

This year there also was a triumph over Oklahoma, something Texas had been longing for.

For the two seasons, Royal has won 13, lost 6, tied 1 with a 7-3 record this year.

When Royal became coach last year the team had just wound up its worst season, winning one out of 10.

### PLAYWRIGHTS' OPPORTUNITY

NEW YORK (AP) — The Theater Guild is launching an experimental venture called Studio Three, with the objective of giving visual help to aspiring playwrights.

The project is to provide off-Broadway productions of new scripts, especially those deemed not surefire commercial prospects, so that authors may have the opportunity of seeing their works on stage.

## SAYS GOP RAN LOW ON FUNDS IN CAMPAIGN

HARRISBURG (AP)—His campaign for governor cost Arthur T. McGonigle nearly \$40,000 of his own money, the defeated Republican candidate reported.

"It was a rather expensive education," McGonigle said here Thursday night. "I'm not much for candidates putting out so much of their own money."

If \$100,000 to \$200,000 more had been spent by the Republican Party in the past campaign, "we might have had considerably more success," he told a television news panel (Capitol Correspondents — WTPA).

### Frightened Off

McGonigle, who served as GOP state finance chairman prior to his gubernatorial candidacy, said potential Republican contributors were scared off by an attitude of defeatism.

"We demonstrated real strength with very little money to work with," he said. After the results were in, he said, many potential contributors wished they had a second chance to aid the campaign with a contribution.

McGonigle lost by 74,000 votes to Democrat David L. Lawrence. The Reading businessman said that his stand against right-to-work legislation in Pennsylvania cost the Republican Party some contributions.

### Suggests Term Limits

McGonigle came up with a proposal that party committeemen at the local level be limited in the number of terms they can serve.

Veteran Republican committeemen with 20 to 30 years in office he said, decline to give up their posts because of its prestige.

"As a result, younger people hesitate to run against them," he said.

## Guest Speaker At December 7 Service

Martin Tornallyay, senior student at the Theological Seminary of the Evangelical and Reformed Church, Lancaster, will be the guest speaker at the thank offering service at Zwingli United Church of Christ, East Berlin, Sunday, December 7, at 10:30 a.m.

Mr. Tornallyay and his wife, Clara, are natives of Hungary. They were forced to flee their country after the revolution—leaving everything behind and after many harrowing experiences arrived in the United States in December of 1956. While in Hungary, Tornallyay attended college and had completed two years in a theological seminary when the school was closed by the government. He was put into prison for his beliefs and, after a three-year term in the prison labor camp, was released and entered a university of art to become a commercial photographer. Soon after he graduated and began working in the commercial photography field, he married his boss, Clara, and they continued in business together until they had to flee, leaving a profitable business and all their personal belongings behind.

said. "What we need is more younger people in politics."

He said party committeemen should be limited to 3 or 4 terms to make way for new blood.

## MOTHER GETS CHILDREN BY COURT ORDER

PHILADELPHIA (AP)—Beatrice Neff, a 15-year-old, won't have to run away anymore to be with her mother.

That's what she did last summer, threatening suicide if she was returned to the Methodist Home for Children at Mechanicsburg, Pa.

And her mother, Mrs. Barbara B. Cochran, 36, of Fair Lawn, N.J., had faced a possible jail sentence on a contempt charge if she did not return her daughter to the church.

They were placed in the Methodist home in 1946, shortly after Mrs. Cochran's divorce from her first husband. The Cumberland County Juvenile Court had taken jurisdiction of the three children and an older sister, Barbara, now 20. The court had ruled the children were neglected.

Tuesday the State Supreme Court decided unanimously to give the mother custody of her children. In overturning a Superior Court decision, Justice John C. Bell said in the court's ruling:

"A good family home is always far preferable to a good institutional home—nothing can take the place of the solicitude, care, devotion and love of a good mother."

Mrs. Cochran, now the wife of William B. Cochran, a retired Army officer, is in comfortable circumstances, the court said, and the children want to join her.

### PAROCHIAL CRITIC

DES MOINES, Ia. (AP)—Methodist Bishop F. Gerald Ensley says that parochial schools are "defective in their educational concepts" because they aim at "training, not learning." ## Littlestown TO BUY LAND TO EXTEND PATRICK AVE.

Littlestown borough council Tuesday evening approved the purchase of the R. Edwin Dutter estate property on the north side of Frederick St. for \$7,500. The property is to be used in the widening and extension of Patrick Ave. from its present terminus at the rear of St. Paul's Lutheran Church.

The action was taken by resolution following a report of the street committee that the property had been offered to the borough for that price by the Littlestown National Bank, executors of the estate.

Council also authorized the borough secretary to advertise for bids for the sale and removal of buildings on the property.

Twentieth Century-Fox and Producer Jerry Wald have blended the talents of some of the brightest young people in show business into a gay, tuneful motion picture, "Mardi Gras," opening next Wednesday at the Majestic Theater here. It will run through December 6.

The latter include a French screen star, a girl publicist, who is the star's best friend and confidante, a wily publicity man, a pretty girl from Ohio, and a shapely philosophy student who is a part-time strip tease artist in a New Orleans nitey.

Pat Boone, starring in his third film for Twentieth Century-Fox, plays the key role of the VMI cadet who wins a student lottery which provides him with the funds to go to New Orleans and invite the movie star queen of the Mardi Gras to his school's graduation ball. Christine Carere, the very promising young star who recently made her debut in "A Certain Smile," plays the movie star and Pat's three school chums are portrayed by Tommy Sands, Gary Crosby, making his screen bow in a high-comedy role, and Richard Sargent. When the four meet Sheree North, the publicity girl who can dance up a storm, and Fred Clark, the publicity boss who can talk up a storm, they find themselves thrown into some stormy and hilarious situations.

In the course of the Winston Miller, Hal Kanter screenplay, based on a story by Curtis Harrington, the principals introduce eight new songs by Academy Award-winners Sammy Fain and Paul Francis Webster. Of these, Pat Boone's "I'll Remember Tonight" and "The Mardi Gras March" are already becoming popular favorites in juke boxes and on record shelves across the nation.

"Mardi Gras" is played against two vivid and colorful backgrounds: the gay, carnival atmosphere of the annual New Orleans celebration, and the impressive campus of the Virginia Military Institute at Lexington, Va. Filmed in CinemaScope and De Luxe Color, it should provide audiences with a delightful evening of film entertainment.

Edmund Goulding directed "Mardi Gras" and Barrie Chase, Jennifer West, Geraldine Wall and King Calder are featured in the supporting cast.

**Acres Of Cars  
Supply Source  
At Hansford's**

Close to six acres of used, junked and wrecked autos furnish the source of supply for great quantities of used auto parts sold and installed by Hansford's Body Shop, four and a half miles east of here along the Lincoln Highway.

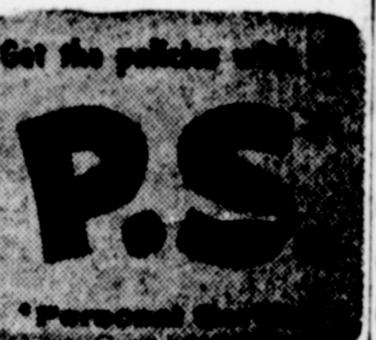

Proprietor Hansford Snead said today that between 500 and 700 automobiles and trucks of almost every model and make that has been turned out in the last three decades are included in the steadily growing supply of used cars on his 35-acre property near Guldens Station.

"When a man walks in here for used parts, I never know what he's going to ask for—but usually we've got it. If we don't have it we can usually tell him where he can get it," Snead added. "Most often he wants tires, batteries, radios, transmissions, rear ends, doors, fenders or motors and if the parts are for a model from 1931 to 1957, we've likely got it on hand."

**Work is Guaranteed**  
There are a number of used car parts dealers in the area but the distinctive feature of the services offered by Hansford's Body Shop is that he and his mechanics are prepared to install the parts on the buyer's auto. And all of that installation work is guaranteed, Mr. Snead pointed out. He and three employees are kept busy locating used parts and installing them for customers.

## Editor Says Conference Hanged In Speeches; Sees Interest Increasing

The second annual Civil War Conference at Gettysburg College November 16-18 attracted more attention from the press than the first. News-men from as far away as Chicago were in attendance.

One of them, John H. O'Brien, executive editor of the Pittsburgh Sun-Telegraph and a "badly bitten Civil War bug," wrote this report which was published in the Pittsburgh paper November 23.

When taps sounded at the end of three days of discussion of the Civil War, Jefferson Davis had been hanged from an academic sour apple tree by nearly every historian who spoke at the conference.

Prof. Williams led the attack, wondering aloud why Lincoln had bothered to call up any troops since the South had obviously lost the war before a shot was fired.

That question never quite got answered but there was general agreement that the ineptitude of President Davis was too much for the South to overcome.

One speaker was of the opinion that if Lincoln and David had changed jobs, Davis would have lost the war for the North.

In formal presentations, Prof. Richard N. Current, of the University of North Carolina, demonstrated the overwhelming superiority of the North in economic factors; and Prof. T. Harry Williams, of Louisiana State University, said there were only three great Civil War generals — Lee,

Grant, and Sherman — and the major military superiority of the North came from having Lincoln directing grand strategy while Davis directed the South.

The North also had superior diplomatic ability and the South really never had a chance for recognition by England or France, according to Prof. Norman A. Graebner, of the University of Illinois. And finally, again because of the failures of Davis, the North led in domestic political leadership, according to Prof. David M. Potter, of Yale University.

The historians having spoken, they then turned on each other, to the delight of the hard core of Civil War buffs who attend these conferences.

Prof. Williams led the attack, wondering aloud why Lincoln had

bothered to call up any troops since the South had obviously lost the war before a shot was fired, militarily, diplomatically and politically. He pointed out that wars are won by fighting and that the South nearly won the war on battlefields two or three times.

Others pointed out that the theme of the conference remained unanswered: that the speakers had only proved why the South lost the war, not why the North won it.

One speaker wondered if the question itself were not premature and whether it was yet agreed that the North won.

An objection from the audience that Lee was all too gently treated in any discussion brought forth a story of a little Richmond

## THOR MISSILES BEING SENT TO GREAT BRITAIN

WASHINGTON (AP) — The Thor missile, already a useful booster for space probes, is about ready to assume its primary function as an intermediate range ballistic weapon.

Some of the missiles already have been sent to Britain, where they are to become operational next month. A Royal Air Force Thor missile squadron is undergoing training in this country.

Under a U.S.-British agreement signed last February, four Thor squadrons — with 15 missiles to a squadron — are to be stationed in Britain as a defense against surprise enemy attack.

25 Launched

The Thor, 62 feet tall and 9 feet in diameter, has a designed range of more than 1,700 miles. Manufactured by Douglas Aircraft Co. at Santa Monica, Calif., its 150-pound thrust Rocketdyne en-

gine burls the 50-ton rocket up through the earth's atmosphere and sends the nuclear nose cone targetward at a velocity of 10,000 miles an hour.

Since the start of the Thor

flight testing program at Cape Canaveral, Fla., Jan. 27, 1957,

there have been about 25 Thor

launchings. These included six in

combination with the Vanguard

rocket second stage and known as

Thor-Able. One Thor-Able sent the

Pioneer space probe on a 44-hour

flight 79,120 miles out into space.

Others pointed out that the

theme of the conference remained

unanswered: that the speakers had

only proved why the South lost

the war, not why the North won

it.

And over-all the second confer-

ence was probably a better one

than the first — the formal pa-

pers were meatier and more en-

lightening and the academic dis-

memboring of Jeff Davis was a

delight to behold, unless you held

other views.

Approximately 300 buffs regis-

tered for the conference, but the

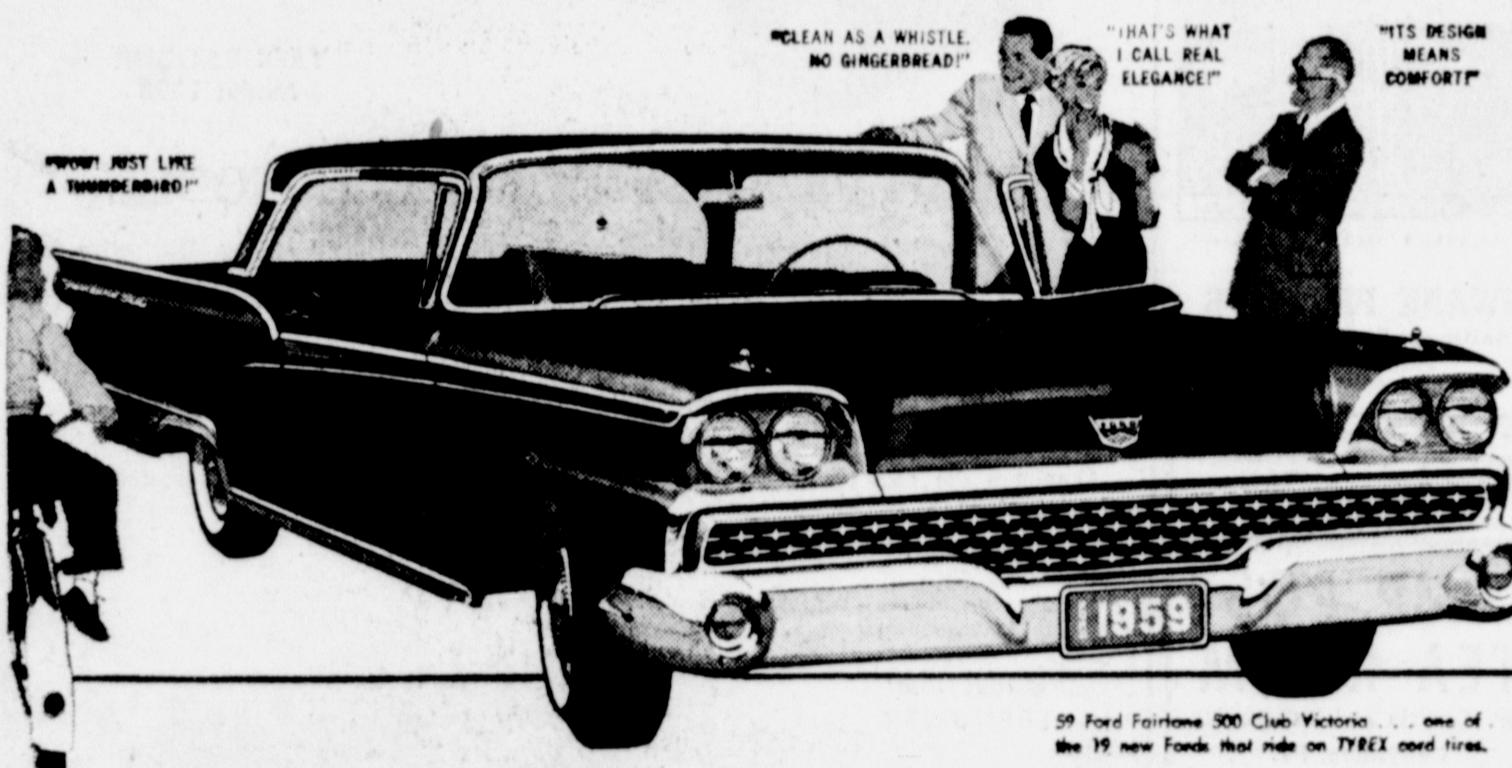

attendance is bound to grow as

word of it spreads among the

faithful and the Civil War Cen-

tennial years arrive.

## Set Hearing Date On Milk Proposals

HARRISBURG (AP) — The State Agriculture Department has set Dec. 17 for a public hearing in Harrisburg on proposed regulations to provide statewide bacterial standards for milk and milk products.

W. L. Henning, secretary of agriculture, said the proposed regulations would set up quality standards of milk, fluid cream and ice cream. The proposals have been under study for a year.

The suggested regulation will cover all Pennsylvania plants selling milk and milk products as well as out-of-state firms which ship to the Commonwealth, he added. These total about 2,000 dairy and ice cream plants.

"If the regulation is put into effect, it will insure higher quality bottled milk and ice cream and other products for all the consumers in the Commonwealth," Henning said.

# SEEK TO STOP BIBLE READING IN PA. SCHOOLS

PHILADELPHIA (AP) — Does reading the Bible in public schools violate the Constitution?

"No," says 78-year-old Dr. Luther A. Weigle, a Bible scholar and dean emeritus of Yale University Divinity School.

"Yes," says Mr. and Mrs. Edward L. Schempf of suburban Roslyn.

The Unitarian couple has two children in the Abington Township schools. The schools comply with a state law directing the daily recitation of 10 Bible verses without comment.

The Schempfs, with two children in the schools, are suing the Board of Education on grounds the Bible reading violates the first and 14th Amendments.

**Cites Educational Value**  
The First Amendment guarantees freedom of religion. The 14th

prohibits any state from passing a law which would abridge the privileges and immunities of a U.S. citizen.

Dr. Weigle testified Tuesday for the board at a hearing before three federal court judges. The Bible, he said, has artistic and educational values as well as religious values.

"It is the record," he said, "of the experience of people who discovered what God is really like. It gave us the Ten Commandments and other moral principles. The King James Version has contributed to the making of the English language as no other English book has done."

Regarding recitation of the Lord's Prayer at the start of each school day, Dr. Weigle said:

"I see nothing in the Lord's prayer that is sectarian. Parallels to it can be found in Jewish literature and the Holy Scriptures of the Jewish people."

The court directed opposing attorneys to file briefs by Jan. 5. Oral arguments were set for Jan. 26.

# Kittens, Mittens, and Life

"Three little kittens lost their mittens . . ." Bobby is thoroughly absorbed in the antics of the kittens. He will be pleased to discover that at the end of the story they find their mittens again. Like all children, he wants his stories to have happy endings.

But soon Bobby is going to find out that life's stories don't all have happy endings. Bobby is growing up, out of the land of fairies and elves, into the world of reality. Bobby must learn to meet sorrow with understanding, pain with courage, prosperity with thankfulness, defeat with hope, success with humility—he must learn to face life.

The Church School is waiting with open doors for Bobby, your Bobby. The Church School is prepared to show your children the best ways to make life a success. The Church School is ready to teach your children—in the language of children—the eternal truths of life.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Sunday School Lesson

By H. R. and M. C. Gold

### TEACHING BY PARABLES

Mark 4:1-12

Key Verse: Be doers of the word, and not hearers only, deceiving yourselves. James 1:22. Jesus was, without doubt, the master story teller, using ordinary experiences to teach the truths of the kingdom. These vivid parables usually emphasized one central thought and had a spiritual application. They were also true to nature and to life. During His ministry Jesus probably used about thirty parables, repeating some time and time again because He was speaking to many different groups of people.

In the opening scripture passage Jesus got into a boat at the edge of the seashore because such a large crowd of people had gathered about Him. There He proceeded to teach them many things in parables. His opening word, "Listen!" and His last, "He who has ears to hear, let him hear," seem to set the key-note for this particular parable—the Parable of the Soils. Emphasis is placed not on the sower or the seed which is the Word of God. It is about the soil of human understanding and how people respond to His teaching. The "very large crowd" represented the soil. Why had all these people come? Some came from curiosity, others because it might be profitable to know Jesus, others as revolutionists who would make Him their leader. Then there were those who had a deep longing to know more of this new faith.

### Self-Examination

So Jesus told the multitudes a story about themselves for He felt this was the time for self-examination. The sower is always lonely as Jesus was as Sower of the Word of God. Someone once looked at Millet's famous painting, "The Sower," and exclaimed, "With a superb gesture he who has nothing scatters far and wide the bread of the future." For some reason we are apt to blame the sower or seed instead of the soil.

In this Parable of the Soils there were four kinds—the solid, hardened soil, the rocky, shallow ground, the thorny, weedy soil, and the good soil. There are lives just like the beaten, hard path through the grain field, not hardened by circumstances, but self-hardened. They had allowed their souls to be trampled upon and nothing stirred them. Some people cannot catch the spiritual rapture of a symphony or a glorious sunset; they live only on the smooth, hard surface where no message of Jesus can reach them.

### "Lip Service Only"

Then there is the rocky ground where there is a thin layer of soil over a solid bed of rock. The seed takes root but it cannot put down deep roots and dries or perishes in drought or storm. This type of soil represents those who have a sudden enthusiasm which later dies out. No feeling of permanence possesses them and they offer Jesus lip service only.

The thorny, weedy soil is what happens to a good field where thorns crowd out the good seed. When people allow secular interests to choke out their activity in the church by devoting time and energy to the various clubs and community affairs, they definitely are avoiding Christ. It isn't that they don't believe in Him and His kingdom, but their lives are cluttered with non-essentials.

But there is the good soil where Jesus sowed hopefully, knowing that many were sick, sincere people—those who "such as . . . having heard the word, hold it fast." They allowed God's light to penetrate their lives. So must we grow and increase so that our lives may be fruit to the glory of God.

On the eve of Thanksgiving, the junior class of St. Joseph High School held the Mayflower Hop in the school auditorium. Thomas White, president of the class, was general chairman. Patricia Martins, decorating chairman, assisted by her committee, carried out the theme of the Pilgrims and Thanksgiving Day.

Thanksgiving Day this year is also the feast of Our Lady of the Miraculous Medal. The sophomore class anticipated this feast by giving a playlet, "The Three Isions." The scenes were laid in the Motherhouse of the Sisters of Charity, Rue du Pac, Parish, portraying the three apparitions which occurred there in 1830. Alice Sherwin was narrator; Yvonne Henke, the Mother of God; Rita Remavege, Sister Catherine Laboure, and Mary Ann Henshaw, the Angel. Carol Wenschoff, Monica Warthen, Mary Ann Myers, Patricia Fowler and Theresa Mason sang during the tableaux, while Nancy Wetzel played the accompaniment. Stage managers were Barbara Welty and William Henshaw. The playlet was presented to the entire student body at assembly period on Tuesday.

Members of the various CSMC high school units that form the Blue Ridge Conference met at St. Joseph High recently. The president of St. Joseph's unit, Thomas Zurgable, conducted the program. Mary Louise Phaley of St. John's High School, Frederick, president of the Blue Ridge Conference, presided over the business meeting that followed. Each unit gave an account of its mission activities.

The Rev. James Twomey, pastor of St. Joseph's Catholic Church, Emmitsburg, welcomed the guests. The Rev. John Trainor gave the principal address on the missions. Future events will be a mission rally at St. John's Westminster in April.

## TRADITIONAL OBSERVANCES ON THURSDAY

By THE ASSOCIATED PRESS  
The nation celebrated Thanksgiving with the traditional turkey dinner, church-going and family get-togethers.

At Augusta, Ga., President Eisenhower did the carving as his wife, their son and daughter-in-law and the four Eisenhower grandchildren joined him in a gala turkey dinner.

In London, Vice President Nixon was embarrassed by an ill-fitting borrowed tuxedo as he played host to Queen Elizabeth II at a Thanksgiving dinner at the American Embassy.

**Huge Parade Crowd**  
Nixon's own tuxedo was not packed when he left Washington. The borrowed jacket with too-long sleeves caused Nixon some discomfiture but the queen appeared not to notice.

In New York City, the annual Macy Thanksgiving Day parade drew a police-estimated 1½ million persons despite a chill 35°.

## Cite Use For Money

Paul L. Roy, chairman of the Citizens Executive Committee, presided at the meeting. He expressed his thanks to the committed members for their cooperation and the representatives of the participating organizations for "making the concert the wonderful success that was."

Dr. Harold Dunkelberger, chairman of the ticket committee, presented the checks and asked each representative to state to what use the money would be put. The purposes include scholarships, swimming pool, charity, library, sheltered workshop, underprivileged children, beneficial things in the community, Girl Scout troops, recreation center, Christmas shopping tour for orphans, oratorical contests and other projects.

Julian Estep, manager of the gas company and host at the dinner, expressed his thanks to all who cooperated and said "it was most successful in every respect. There were more than 1,200 persons at the concert and this in the smallest town in which the symphony orchestra has ever played." He intimated that the orchestra may play a repeat engagement here next year.
